SPORTING SCHOOLS PROVIDER

The Cricket Hub understands the importance for schools to be able to link their students with local sports clubs and associations, with so many physical and social benefits of creating these links outside of the school, but within the local community.

The Cricket Hub Tasmania is a registered provider of the Sporting Schools program through the state's governing body Cricket Tasmania and Cricket Australia. This \$400 million Australian Government initiative is designed to help schools increase children's participation in sport and connect them with community sporting opportunities. This enables schools to undertake a cricket program from us with the backing of the Sporting Schools funding.

With this funding we can host your school at our purpose-built facility, or our coaching team can travel to you to run a cricket program focusing on developing your student's catching, throwing, hitting and general fundamental motor skills. Our program is a fantastic chance for schools in our area as it gives children the confidence in their skills to one day participate in a sporting club outside of school.

As an added bonus, primary schools who hold a school-based session will receive a free 90-minute session at The Cricket Hub Tasmania centre, including two coaches and equipment – a \$330 value.

OUR PROGRAM

Sessions can be structured in various ways to accommodate the specific groups. Our preference where possible is to create a coach/player ratio of 1:15. Our focus is on a high level of fun and engagement while introducing the fundamental skills of cricket to students. The Cricket Hub is fully equipped with the latest in cricket equipment to facilitate an engaging program, this includes specific ball feeding machines to maximise participation.

The kids will enjoy developing skills and learning about cricket with activities including:

- Batting with partner or Feed Buddy/Lobster machines
- Bowling with partner or targets
- Games : Indoor cricket • Cone reaction game • Star catching • Snowball tag • Catching joker • Batting tee game
- Introduction to rules of cricket

SCHOOL INDOOR CRICKET TEAMS

Create your own team

The goal of our school based Indoor Cricket is for the children to receive a positive cricket experience in a welcoming environment. We seek to introduce children to new social and physically active opportunities.

Indoor Cricket World offers indoor cricket competitions across all ages during school terms, it's the perfect program for young cricketers to have fun and improve their skills through fast paced action-packed matches.

The basic rules of cricket apply to indoor games and the skills learned here can be carried into outdoor cricket and other sports. Benefits include improved fielding, sharpened reflexes, boost to hand eye coordination and enhanced batting and bowling skills. Participating in this team sport can also boost self-esteem and teach teamwork and leadership skills.

For students who wish to join an indoor cricket team, we can assist with organising a school team or finding them a place on a team.

LOCAL SCHOOLS SPORTS EQUIPMENT PROVIDER

Many schools are now choosing to support local retailers when it comes purchasing equipment. One of the services that The Cricket Hub Tasmania offers is an in-store and online equipment shop.

As a retailer we stock everything you could want for cricket, but we are also able to supply schools with equipment for all different kinds of sports, including Soccer, Basketball, Tennis, AFL, Netball, Baseball, Futsal and more.

We can also supply you with variety sport items such as hula hoops, markers, dodgeballs, nets, fit balls, bibs, trampolines, table tennis kit and much more.

For prices, please email your requirements to shop@thecrickethub.com.au.

Credit accounts are available. Tax invoices are provided for all purchases.
